Subject: RE: Foreign Priority Document for a 371 application

Patel,

I just this morning received a copy of the priority document from WIPO in Geneva. Truth to tell, I was rather astonished that it got here this quickly. I was expecting a matter of months.

I am forwarding a copy of the priority document to you at this address:

Sudahker Patel
Art Unit 1624
Rem 5 C 19

It is in an interoffice mailing envelope and it is in our outbox as I write this.

I am sending a copy to OPIE to get it scanned into IFW.

I would strongly urge you to check the priority document issue out the first time you see the 371 application. This would hopefully mean we could actually get the priority document to you in plenty of time and long before you need to allow the case.

Dear Mr. Bell,

U.S.S.No. 10019693

which is a 371 of PCT/JP 00/04427

which claims benefit of JAPAN 11/191632 dated 7/6/1999.

The U.S.S.No. 10019693 is ready for allowance after final Rej. On going thru' the IFW file in e-Dan, I find that the priority document has not been put in, and the same is missing. Also, there is no indication in Form PCT/DO/EO/903 about the same.

Could you please suggest how I can obtain the priority document?

Thanks,

Paul, would you please get the PD for us. I didn't see it in EPO website. Thanks.

Examiner, Please do not allow the case without the PD. Please e-mail IFW to scan the 903. (03 is in the PALM contents. Thanks.
